Choose **FORMULA** – Everything You Need for Your *TIME OUT* on the Water!

Choosing excellence is easy when everything you need is in one stunning package. Whether it's a beautiful Performance Cruiser or the luxurious 45 Yacht, now you can break free from conventions and enjoy all that boating was meant to be!

The Formula fleet combines all the features you like best in a clever, versatile design that's as practical as it is beautiful – double helm seating, a safe center walkway to the foredeck, comfortable portside and aft wraparound lounge with filler cushions, entertainment wetbar, convertible aft facing sun lounge and an available larger swim platform. Contrasting textures, integrated blue LED lighting and recessed alcoves add interest while stainless railings and drink holders set in eye-catching Corian® all confirm Formula's position at the forefront of marine design.

The possibilities are endless with Formula. Select your preferred options or design your ultimate, personalized dream boat with FormulaFlex™ to tailor graphics, upholstery and electronics to your liking. When you order your Formula you have the opportunity to work with our sales team and project engineer directly or visit our headquarters for a truly immersive experience as you make your vision a reality. Enjoy receiving photos as your personalized dream boat advances through production, plus a complete set of photos at delivery. Want a more involved view? Arrange for a tour and personally observe your boat's progress – we would love to host you.

Endless graphic choices abound for 2021. A and B graphic selections for the PC and Yacht lineups set the stage for the new graphic colors – Regatta Blue Metallic for hullsides and Deep Regatta Blue Metallic for accents add fresh options for personalizing your Formula. With FormulaFlex, accent colors are interchangeable, rewarding those with creative imagination and a perceptive eye. MyWay™ upgrades put you further in the designer's seat with the full range of Pantone® and automotive colors at your fingertips. Want your Formula to match your vehicle? Or your alma mater? Or the color of her eyes? You can with FormulaFlex MyWay.

2021 cockpits offer fresh new updates, bringing the best on-water experience to you and your crew. New accent vinyl colors of Diamond White

and Regatta Blue expand your choices, plus FormulaFlex gives the ability to choose upholstery colors in every model to further communicate your individuality. For even more fun in the water, a convenient under mount swim seat is available when you choose the water sport swim platform. And now, JL Audio M6 speakers are available on the 34 and larger Formulas and standard on the 45 Yacht for high performance clarity.

The 45 Yacht's coupe top offers sophisticated, smooth lines extending aft, while the integrated SureShade™ system upgrade automatically pleases your preference for sun or shade over the convertible aft-facing sun lounge. The available forward cockpit glass enclosure stunningly extends cabin benefits with complete climate control while maintaining your panoramic view from the luxurious Ultraleather™ portside lounge.

Find your luxury retreat in the 2021 Formula cabin – a place to experience true quality while echoing your own inspired style through personal selections of cabinetry, Corian surfacing, flooring, and fabric options. Three cabin themes of Coastal Dune, Pearl Bay and Stone Harbor are all timeless and give you room for your designer eye to break the mold. Ultraleather choices, open-grain and high-gloss cabinetry finishes plus many flooring options offer a broad scope in décor possibilities. FormulaFlex allows the enjoyable experience of designating pillow, drapery and bedspread fabrics from beautifully coordinated collections. You'll celebrate in all the extra detailing of your chosen model.

Formula knows how important your time out on the water is. With a Formula, each experience is now a memory in the making with family and friends. Whether you have a few hours or a weekend, there's a Formula Performance Cruiser or Yacht model for you.
